Mission Statement: To develop a generation of mentally and spiritually strong people who are living their lives with direction and purpose. People that are connected to God and setting a new standard for living and positively impacting the future.

Objective: Facilitate and invite presenters/professionals to lead educational/spiritual workshops dealing with issues and challenges people face today. To reach out, engage, and foster trusting relationships with others and break negative influences over their lives as a result of life's challenges and generational cycles of dysfunctionality. Empowering people to take control of their own destinies. Also facilitate workshops to educate and model techniques that parents can apply to develop healthy and effective communication with their child(ren).

Techniques and Tools:

- Worship music to create an atmosphere conducive to the positive flow and exchange of ideas and information..
- Learning to hear and seek God for direction
- Using the Bible as the foundation of concepts presented
- Using Evidence Based Counseling Techniques
- Motivational Interviewing/Stages of Change Model
- Presentations
- Interactive Skits/Role Play
- Poetry
- Discussions
- Training/Empowerment Workshops
- Individual/Group and Family Sessions
